**THE GLOBAL FUTURES REPORT ROUNDTABLE &
THE RENEWABLES 2011 GLOBAL STATUS REPORT LAUNCH EVENT**

This session is being held by REN21, WFC and AREA to gain a representative overview of renewable energy development in Africa by 2030-2050. The perspectives collected will shape the upcoming Global Futures Report, which examines the range of credible renewable energy worldwide.

To be held during the AREA Annual Steering Committee Meeting
FENELEC Energy Expo, Casablanca, Morocco
Tuesday, 22 November 2011 9:00 – 13:00
