ROUNDTABLE ON THE REN21 GLOBAL FUTURES REPORT AND DINNER

This session is being held by REN21, TERI, and REEEP to gain a representative overview of renewable energy development in India by 2030-2050. The perspectives collected will shape the upcoming Global Futures Report, which examines the range of credible renewable energy worldwide.

To be held during the Delhi Sustainable Development Summit
New Delhi, India

Tuesday, 31 January 2012 18:00–20:00 hr.

Venue: Conference Room, 4th Floor, TERI, India Habitat Centre, Lodhi Road, New Delhi

AGENDA	
18:00	Welcome & Introduction on Global Renewable Energy Development Christine Lins, Executive Secretary, REN21
18:15	Introduction to the REN21 Global Futures Report Lily Riahi, Policy Advisor, REN21
18:40	Tour de Table – Renewables in India: The Vision What are the long-term perspectives for RE development in India? How much RE will India add by 2030/2050? What are key milestones or turning points? What social and institutional changes will be required?
19:10	Tour de Table – Renewables in India: The Way Forward What is the role of local governments? Is renewable energy key to energy access? What share of the future energy system will be centralized vs. decentralized?
19:45	Feedback on discussion Amit Kumar, Director, Energy Environment Technology Development, TERI & Regional Programme Advisor, REEEP South Asia Secretariat
20:00	Dinner

The REN21 Renewables Global Status Report can be downloaded at <http://www.ren21.net>.
