

6 Month Internship

Communications Intern

REN21, the Renewable Energy Policy Network for the 21st Century, is looking for a communications intern to support its Secretariat in Paris. The intern will work on the organisation's communication and outreach activities, including managing content for its social media platforms and website.

Responsibilities:

- Assist with the preparation of all electronic communication around the launch of REN21 publications, in particular its flagship publication: *Renewables 2019 Global Status Report*
- Support REN21 in its social media activities
- Assist on production of REN21's quarterly newsletter
- Manage the REN21 website
- Track statistics on REN21's digital portfolio (website, social media)
- Provide assistance on internal REN21 IT tools (online questionnaires, peer review tool)
- Assist the REN21 Secretariat as needed

Candidate Requirements

- Educational background in communications, media studies, digital marketing, energy/environment, social science, economics, or similar
- Interest in communicating ideas in innovative ways
- Able to work with WordPress and basic design tools
- Excellent written and oral English skills; other languages are a valuable asset
- Enjoy working as part of an international team; ability to work independently
- Attention to detail and clear presentation of material
- Interest in renewable energy, energy efficiency, energy access, general energy issues

The successful candidate must be enrolled in an academic institution; be a recent graduate (12 months or less); **or** be in between degrees. S/he must also have the legal right to work in France. The working language of REN21 is English. **The position is full-time, paid and is based in Paris. It starts on 4 February 2019 for a duration of 6 months.**

To apply, please send a CV and a cover letter outlining your suitability and interest in the position to secretariat@ren21.net. **Deadline for submissions is Friday, 2 November 2018.** Please mention "**REN21 Communication Internship**" in the e-mail header. Please note that only short-listed candidates will be contacted.

About REN21

REN21 convenes international multi-stakeholder leaders to enable a rapid global transition to renewable energy. REN21 promotes renewable energy to meet the needs of both industrialised and developing countries that are driven by climate change, energy security, development and poverty alleviation. The overarching goal of REN21 is the promotion of policies that will increase the wise use of renewable energy
