About the CASE programme

On behalf of

of the Federal Republic of Germany

Objective: The narrative of the direction of the energy sector in Southeast Asia has substantially shifted towards an **evidence-based energy transition**, aiming to increase political ambition to comply with the Paris Agreement.

Outputs

Research and Evidence

The evidence base for an energy transition in SEA is improved

Transparency and Mapping

Synergies between different energy transition activities in the region are maximized due to increased transparency and cooperation

Dialogue Non-energy sector

The dialogue on energy transition within government bodies is improved

Technical Assistance (energy)

The capacities of key energy sector stakeholders to undertake an energy transition are strengthened

Promoting public discourse

A public discourse on energy transition is established
